SoftPlan Key Driver Download and Installation Instructions

Please note that the version numbers shown in the following examples may differ from the currently available driver.

1. Click on the <u>SoftPlan Key Driver</u> link, and when prompted to open or save the file, choose Save. Save the file to your desktop.

2. If you are using the Windows XP operating system, Uninstall any old versions of the SentinelTM System Driver and Sentinel Protection Installer via *Start* > *Control Panel* > *Add or Remove Programs*. If you are using the Windows VistaTM operating system, Uninstall any old versions of the Sentinel System Driver and Sentinel Protection Installer via *Start* > *Control Panel* > *Programs and Features*.

3. Once the download has completed, exit SoftPlan, then click on the Sentinel Protection Installer icon on your desktop to begin the installation process. Follow the onscreen prompts. Note: Once the installation has completed it will be necessary to restart your system.
